

# SALON

A woman wants versatility. When she steps inside her closet she knows — she'll find the perfect match — because she's chosen the pieces within. The same holds true with Salon by Bernhardt. Transitional but traditional, feminine but understated, it has an eclectic style found in many modern homes. An antiqued Alabaster finish, soft gold and silver accents and a unique mix of materials, such as bone, capiz shell and faux shagreen, can be combined to create a personal meaning whether one dwells within the bustle of the big city or in a more bucolic setting. This is true versatility. This is Salon by Bernhardt — where any living space can be personalized - time and again - like never before.

## INSPIRATION

Eclectic styling has been updated to feel at home in a modern setting, or within a room filled with antiques. Handcrafted elements are evident on pieces that can be mixed and matched to create a personal look that is timeless or of the moment.

## FINISH

Maple veneers are finished in Alabaster, a weathered ivory paint with a lacquered topcoat. Antique Gold Leaf and Antique Silver Leaf round out the finish options. Subtle brass inlays border select pieces.

## ARTISTRY

Traditional shapes are composed with an eye toward adding architectural detail to a room. Scalloping and reeding bring movement, while soft color tones collaborate to create a far more diverse living space.

## ACCENTS

Salon features a mix of truly unique materials such as bone, capiz shell, faux shagreen and other textured elements that complement cornerstone pieces. While antique mirrors create a quiet elegance that will be admired.

## HARDWARE

Lightly pitted metal in soft gold blends easily with the creamy wood finish. On signature pieces, simple clean rings, pulls and knobs add a final, refined touch just as jewelry completes the perfect outfit.
